

Competitor Bulletin #1

Approved Tires for Touring Class

The following tires are approved for use in the US Touring Car Championship for all on track sessions:

Nitto NT01 tires are the only approved tires for USTCC competition. Cars with a declared weight of less than less than 3000 pounds have a maximum tire width of 245. Cars with a declared weight of 3000+ have a maximum width of 275.

Rain Tires for SP and TC class cars

In the event that a session is declared a Wet Session by a Race Director, the following tires may be used in SP and TC class cars:

Any Nitto tire that fits on a 15, 16, or 17 or 18 diameter wheel may be used. The wheel width maximum is the same as dry weather tires.

DATA ACQUISITION

All cars must have Traqmate installation tray and antenna mounted inside the cars for officials to install Traqmate systems. Trays and antenna may be purchased through Traqmate. Estimated cost is \$65.
